SWANTON TOWNSHIP RESIDENTS

Refuse Pickup Service

Swanton Township is pleased to inform you that Select Sanitation, Swanton area owned and operated, will be the Township's new refuse service provider.

Swanton Township added refuse service in 2010 without adding any new taxes or fees, this continues to put stress on the Township's budget. With that in mind, we have worked hard on negotiating this service without again increasing taxes to the residents or putting a levy on the ballot. We are proud to be offering refuse service without a levy or tax assessment, as other townships and municipalities do.

The current provider has/was reducing service and increasing the cost.

- Pickup will no longer be 2 times per month, it will increase to every other week.
- The 4 bag limit will increase to a 6 bag limit.
- If you want weekly service the cost will be reduced from \$14.25 per month to \$12.00 per month.

ARS's last service date will be **Wednesday December 23rd**. Please leave the carts out by the road as they will be around to pick them up.

Select Sanitation will begin pickup service on **Monday January 4th**. Pickup will be every other week on Mondays and the schedule will remain the same for holidays. Select Sanitation will be delivering carts prior to the first pickup.

If you wish to start or add weekly service and save money with the reduced cost, please contact Select Sanitation at **419-533-2372**.

If you have a bulk item for pickup, please call Select Sanitation for pickup.
