Happy New Year Swanton Township Residents!

As your Fire Chief of the Springfield Township Fire & Rescue Department, I am honored to present to you the total incidents for 2025 below, up 2% over 2024:

The total number of incidents in Swanton Township for 2025 was 238, up 31% from 2024 (181 total).

The top shelf level of service provided would not be possible without the dedication of the 82 men and women (full and part time) that stand ready to serve your emergent needs. As a diversified department with a 20% female force, the Fire Stations have become the area of focus to renovate to meet this new demand. In 2026, we will continue to focus on the remodel/additions to both Fire Station 51 (McCord/Angola) and Fire Station 53 (Garden/Holloway), using levies monies earmarked for these projects and approved by voters in 2024.

Springfield Township Fire & Rescue has enjoyed being involved in your community throughout 2025 and look forward to all that 2026 has to offer! Assistant Chief Andrew Sauder and I are here to serve. I have added our contact information below for any questions/comments/needs that may arise.

Respectfully,

*Jonathon Ziehr*

Jon Ziehr  
Fire Chief
